

# SAFETY

**All new Ford cars have a Triplex shatter-proof glass windshield**

THE Triplex shatter-proof glass used for the windshields of all new Ford cars is an important safety feature.

It is 50 per cent stronger than plate glass of equal thickness and is flexible under impact. Because of its special patented construction it will not shatter when broken. It therefore reduces the danger of flying glass, the cause of 65 per cent of automobile injuries.

The use of this glass for the windshield as standard equipment is just another indication of the quality that has been built into every part of the new Ford.

Other features are—beautiful low lines and choice of colors . . . quick acceleration . . . 55 to 65 miles an hour . . . smoothness at all speeds . . . four Houdaille hydraulic two-way shock absorbers . . . fully enclosed, silent six-brake system . . . vibration-absorbing engine support . . . Alemite chassis lubrication . . . typical Ford economy, reliability and long life.

## PRESIDENTS' COUNCIL IN FALL MEETING

Representatives from Five Counties Attend Luncheon and Theatre at Venice

Mrs. E. H. Poole, president of the Women's club of Keystone was one of the guests at the presidents' council luncheon held at Venice on Tuesday when many of the Keystone club members attended the Fox California Theatre in Venice when Women's club members from the five counties met there for their first council under the administration of Mrs. Howard U. Sherwood, president of the Federation of Women's clubs. Many of the well-known speakers of the Federation were present to address the members among whom were Mrs. Mab Copeland Lineman, Mrs. R. W. Mecker, Mrs. John S. Thayer, Mrs. J. O. Brison, Mrs. R. L. Wood, Mrs. Walter H. Henkel, Mrs. Charles Van de Water, Mrs. Thomas Scott, Mrs. Josiah Evans Cowles, past president of the General Federation, addressed her audience on "Federation." Sir William Wanless, K. B. M. D. took for his subject "The Bible Ennobles Life." Dean Justin Miller, LL.B. of the law department of U. S. C. spoke on "Legislation as a Selection of Governmental Function Instead of as a Matter of Politics." Miss Lucy Wolcott, chairman of music presented Mrs. J. Edgar Brown in a group of songs who was accompanied by Miss Nora Tiltman. An organ recital was held from 12:30 to 1:15 with Miss Midge Debastian at the organ. A tea was held from 2 to 5 at the Venice ballroom with the Venice Women's club as hostess. Mrs. Thornton Kinsey was the chairman for the day, while Mrs. Helene Starkey was the chairman of the tea. Those attending from the Women's club of Keystone were Mrs. George Nahoma, Mrs. Charles LeBeauf, Mrs. J. D. Tipton, Mrs. Barbara Berry, Mrs. George Koehler, Mrs. Thomas Cowan and the president, Mrs. Poole.

## Miss Briganti to Wed Sunday

Of especial interest to the Italian colony of the Harbor district will be the wedding on Sunday of Miss Lillian Briganti, daughter of Mr. and Mrs. Frank Briganti of Carson street to Frank Longo of Los Angeles. Attired in a beautiful transparent velvet gown Miss Briganti will take her vows with her future husband on Sunday. Miss Briganti will be attended by her sister, Concetta, while her brother, Biagio, will be the best man.

## To Reorganize Builders Exchange in South Bay Cities

A re-organization meeting of the South Bay Builders Exchange has been called for Friday evening, September 27th, at the Masonic Temple, 114 Catalina avenue, Redondo Beach. The committee in charge is urging all contractors and sub-contractors to attend. The South Bay Builders Exchange includes members from Torrance, Redondo Beach, Hermosa Beach and Marina del Rey. All individuals or firms in the building business or its allied activities are invited to attend the re-organization meeting.

**STUDY REFRIGERATION**

*and what it means to you...*

**DURING** the month of September the entire country is studying refrigeration. For the first time this important subject is being observed from all angles. Women and men are awakening to the tremendously important part refrigeration plays in keeping their health and the health of their families above par.

September is National Food Preservation month. Until the end of the month a great deal of publicity will appear on the subject of protecting the food supply of the nation. Refrigeration is one of the most important links in the chain of producer to consumer. Lack of refrigeration at any step neutralizes the benefits that have been gained at other points. The consumer must realize this and see to it that his link in the chain is not the weak one. Read the articles that appear. Study refrigeration and what it means to you.
